WELCOME

Dear Parents,

Welcome to Santiam Elementary School – Home of the Tigers! We look forward to working with your child during the coming school year. The entire Santiam Elementary staff has worked hard to prepare an outstanding educational program for your child and has carefully designed this student handbook.

We believe the “Characteristics that Build Success” listed below will help each student experience success and positive self-esteem at school by learning the skills necessary to assume **responsibility** for their behaviors. Our goal is to provide a safe, orderly, and pleasant environment in which students can learn to make responsible choices.

The year will be filled with lots of activities, and in order to make our school run smoothly and be a great place to learn, certain rules must be followed. This handbook will provide information that will:

1. give students a clear understanding of school expectations.
2. give students a clear understanding of the consequences of their behaviors.
3. teach students the skills that are needed to make responsible choices.

Please read and discuss this handbook with your child. Then, sign and return the back page entitled “Parent/Student Acknowledgment Letter”. Familiarizing yourself and your child with these policies will help your child have a positive and productive year at Santiam Elementary.

We are proud of our school and our students, and look forward to working with you to make our school even better.

Have a great year!

Santiam Elementary Staff

LABELING STUDENTS CLOTHING AND MATERIALS

Children tend to leave personal items and garments (lunch boxes, backpacks, sweaters, jackets, gloves, T-shirts, hats, etc.) out at recess, in the cafeteria and gym. Labeling of your children's clothes and personal articles assist in their return.

LOST AND FOUND

Lost and found articles are taken to a special location and are also presented in the hallway at conference times. You can help this process **by marking all the articles your child brings to school**. We encourage you to check the lost and found area when you visit the school. **All unclaimed items are donated to a charity such as Goodwill or Oregon DHS for foster kids.**

LIBRARY

The library is open on a regularly scheduled basis and is supervised by the library aide. Library classes are held for all grade levels. They are held for the purpose of library instruction as well as for the enjoyment of the materials and books. There is no fine for overdue books, but lost or damaged books must be paid for. Santiam Elementary School's library collection is continuously updated and expanded. Books are chosen for either their educational or recreational value.

PARTIES

The classroom teacher sets up all parties with assistance from parent volunteers. All food served to students must be prepared commercially and in its original container. The regularly scheduled parties for Halloween, Christmas and Valentine's Day are held in the classrooms.

REPORT CARDS

Parents may expect four grade reports during the school year. The first and third are parent/teacher conferences held in November and April. The fourth report is a written evaluation of progress, unless the teacher or parent requests other conferences.

The conferences will be scheduled ahead of time, allowing you an opportunity to make necessary plans.

We encourage you to schedule conferences at any point you see a need during the year. Parents with students in grades 4-6 can get Internet access to student grades any time. Ask the office for your login. Our staff is eager to keep you informed of your child's progress. We will keep you informed by occasional notes, phone calls and through other announcements.

BUILDING SECURITY

To ensure that the building remains a safe and secure place for your child to attend school, the following procedures will be enforced. Your cooperation and understanding are greatly appreciated.

- All parents/visitors **MUST report to** the office every time they are on school property. Visitor stickers/badges will be issued and must be visible when worn to help students and staff recognize them as authorized guests. Volunteers may use their volunteer badge to identify themselves.
- Anyone on school property will be questioned if they do not have a visible visitor's sticker/badge.

We recognize that these procedures may cause some inconvenience, but the safety of the children is our main concern. We appreciate your compliance with these procedures. By signing in/out, the staff is also aware of your presence should there be a fire drill or actual fire. Without knowledge of your presence, we cannot guarantee your evacuation should there be an emergency.

In the event we have a lockdown or need to secure students for a period of time, parents are directed to stage for information at the Mill City Fire Hall. Our first job is to ensure the safety of our students, and in certain situations, parents will not be able to enter the building or take their student out. Information will be sent to the fire hall, freeing up space around our building for security purposes.

HEALTH APPRAISAL

Periodic health screening programs are held to identify students who may have remediable defects, which may affect educational performance. Current screening tests include vision, hearing, and dental. Parents will be notified if their child is identified as having a possible problem.

House Bill 2972 does require schools to Collect certification from students who are 7 years of age or younger and who are beginning an education program (new student) for the first time.

HEALTH EXAMINATIONS

A physical examination is suggested for all children entering school for the first time. This should be obtained from your physician. A dental check-up is encouraged for all first time students, as well.

MEDICATION AT SCHOOL

Ideally, all medication should be given at home. However if a parent request that prescription or nonprescription medication be dispensed to a student by school personnel the following guidelines **MUST** be followed:

1. All written requests or consents for dispensation of medication shall be directed to the office.
2. The written request shall include either a completed medication permit or written instruction from the physician for the administration of the medication. Instructions must include the name of the student, name of the medication, route, dosage, frequency of administration, and any other special instructions. The prescription label will be considered to meet this requirement if it contains the information listed above.
3. Medication is to be submitted in the original container.
4. Medication is to be brought to the school by the parent and/or guardian.
5. It is the parent's responsibility to ensure that an adequate amount of medication is on hand at the school for the duration of the student's need to take medication.
6. It is the parent's responsibility to ensure that the school is informed in writing of any changes in medication instructions.
7. In the event a student refuses medication, an attempt will be made to notify the parent as soon as possible. No attempt will be made to administer medication to a student who refuses district administered medication.
8. Any error in administration of medication will be reported to the parent as soon as possible.
9. ***Non-prescription medication will be kept at school for two weeks. After two weeks parents **MUST** pick up the remaining medication or it will be disposed of. If you wish to continue medication after the two week period, you may complete new paperwork at the office for an additional two weeks.
